### CAREER OBJECTIVE

*Innovative and results-driven Software Developer with expertise in .NET, Node.js, React Native, and microservices architecture. Passionate about delivering scalable solutions and driving organizational growth. Adept at collaborating across teams, modernizing legacy systems, and deploying enterprise-grade applications. Committed to building impactful, high-performance systems that create lasting value.*

### PROFESSIONAL EXPERIENCE

#### **Baobab Bank Nigeria – Deputy Manager (Core Banking Implementation, Senegal) — June 2025 – Present**

- Promoted to Deputy Manager role with responsibility for leading core banking implementation across multiple branches.
- Traveled to Senegal to oversee and execute critical core banking deployment.
- Coordinated cross-border technical teams ensuring seamless system integration and operational efficiency.

#### **Access Bank Plc – Backend Developer — Feb 2023 – June 2025**

- Developed enterprise microservices in C#/.NET Core across multiple subsidiaries.
- Migrated legacy APIs to modern frameworks.
- Created APIs for third-party integrations and daily banking operations.

#### **Contec Global (NowNow Technology) – Team Lead, .NET Government Project (EDO STATE) — Feb 2022 – Jan 2024**

- Led development of Edo State Internal Revenue Service Tax Generation Workflow.
- Designed and deployed an E-Wallet System for Edo State Local Government.
- Migrated legacy PAYE Filing App to .NET Core and built ERAS App with Minimal API + Angular 12.
- Integrated CBS bill payment systems across states.

#### **CreditWave (Remote) – Backend Developer — 2023 – 2024**

- Built real-time applications and microservices with .NET Core, Node.js (NestJS & Express), PostgreSQL, MongoDB.
- Developed and published loan app & SSO platform in React Native (available on Google Play Store).

#### **Venture Genius, Dubai (Remote) – Backend & Frontend Developer — Jan 2023 – Dec 2023**

- Developed APIs and workflows for a Student Holiday Camp App (.NET Core + MS SQL).
- Accelerated delivery as Angular frontend developer.

#### **First City Monument Bank (Outsourced by SBSC) – Operational Application Developer — Feb 2023 – July 2023**

- Managed onboarding/account modification APIs consumed by mobile & web platforms.

#### **Pajuno Development Co. Ltd – Senior Software Developer (Smart Card Automation) — Mar 2021 – Feb 2022**

- Broke down monolithic apps into microservices and implemented Azure Service Bus, Data Lake, and Blob Storage.
